## Continuation Sheet (PTOL-303)

Continuation of 2. NOTE: a) & b) claim 11b fails to recite a given % identity, and confuses that being claimed; thereby, necessitating a new rejection under 12, 2nd pp, and further raising the issue of new matter.

Continuation of 5. does NOT place the application in condition for allowance because: in contrast to Applicants' assertions, claim 12 has not been properly amended. It should be further noted that claim 12 a) and b) are unnecessary and redundant claim language because claim 12 is limited to the nucleotide sequences of SEQ ID NO: 199 & 201.

Continuation of 10. Other: Note that the supplemental response of 11/03/04 was after the 6 month statutory date, and that claim 12 should be re-written, as discussed above.
